9886716180

1st main 2nd cross vinayakanagar Whitefield Bangalore 560066

Objective

Seeking an entry-level position to begin my career in a high level professional environment.

Education

Mvj college of engineering

2019-2022

B.E

6.5 CGPA

Mvj polytechnic

2016-2019

DIPLOMA

65%

Ujjval vidhyalaya

2016

SSLC

58%

Skills

•Technical Skill :- AutoCAD, Mi-power, MATLAB

Software Skills:- Python

Projects

Simulation and hardware implementation of solar photovoltaic systems with using MPPT

B.tech Final year project

This project help to track the maximum power from the PV system.

Buck-Boost Integrated for Solar PV System

Diploma final year project.

This project help to get constant output in respect with input for solar PV.

Mini inverter

Internship

Solar PV Designing and Testing --by National Skill training institute (NSTI)

Training on Circuit breaker-- by National Skill training institute (NSTI)

Online Sketches-Up Training program--- By ADVIT Foundation.

Online Solar Training program--- By ADVIT Foundation.

Achievement

C Test by Spoken tutorial project,IIT Bombay,founded by National Mission On Education through ICTC, MHRD, Govt., Of India Nov 14th 2018
